

benefit for a brighter future: 2008

More than 200 Redwood City parents, community members, and business leaders attended this year's sold-out event and helped us raise \$127,000 for our students.

Colleen Cassity, Executive Director of the Oracle Education Foundation received the RCEF Investors Award on behalf of Oracle. As lead event sponsor, Oracle generously contributed \$20,000 to support our math, science, and technology grants starting in the fall of 2008.

Participants enjoyed an entertaining and informative game, "Do You Know?" Created specifically for the event, the game used questions from STAR tests plus questions about education funding. Middle-school students served as team captains and demonstrated exemplary classroom management skills in keeping the adults focused and on task.

**Benefit for a Brighter Future
It All Starts Here**

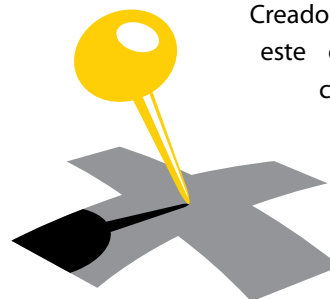

Más de 200 padres y madres, miembros de la comunidad y líderes de los negocios de Redwood City asistieron este año al evento y nos ayudaron a recaudar \$127,000 para nuestros alumnos.

Colleen Cassity, Directora ejecutiva de la Oracle Education Foundation recibió el premio a los Inversores de la RCEF en nombre de Oracle. Como patrocinador principal del evento, Oracle donó una generosa contribución de \$20,000 para apoyar nuestras becas de matemáticas, ciencias y tecnología empezando en el otoño de 2008.

Los participantes disfrutaron de un juego entretenido e informativo, "¿Saben ustedes?"

Creado específicamente para este evento, el juego usó cuestionarios de las pruebas STAR y preguntas sobre la financiación de la educación. Los alumnos de la escuela intermedia sirvieron

como capitanes de los equipos y demostraron destrezas de administradores de las clases ejemplares al mantener a los adultos enfocados y sin distraerse.
