

Groovin' in the Grove Sponsorship Opportunities

Your Sponsorship Will Help Save Music!

Your sponsorship will help to save instrumental music instruction in our Redwood City School District and preserve a program that is proven to boost learning, confidence, and academic achievement while preparing students for high school music courses.

Peninsula residents will learn of your support through banners at the event and program material. Publicity and promotional material will also inform more than 6,000 school parents as well as the larger Redwood City community of your support

About the RCEF

The non-profit, all-volunteer Redwood City Education Foundation has been working since 1983 to advance and enrich educational opportunities for the elementary and middle school students of the Redwood City School District.

Our funding is focused on the arts, academic achievement, wellness programs, and instructional innovation. This year we have also launched an emergency campaign to save our district's instrumental music program which is slated for elimination in the 2010/11 school year, due to state education budget cuts.
