## \$91 DONATION DRIVE

We are launching a \$91 drive to honor the hundreds of volunteers who worked so hard on Measure E.

\$91 represents the amount, per property parcel, that the district would have collected annually for our schools for the next 5 years.

We will direct every \$91 donation toward Learning for Music and our SMART grants. These two programs support the spirit of Measure E. Your help means that our children will still benefit from music instruction, enrichment programs, and teaching innovation in spite of the heart-breaking cuts our district faces.

To make your Measure E donation, please send your check to: RCEC \$91 Drive, PO Box 3046, Redwood City, CA 94064 or go to [www.rcef.org](http://www.rcef.org) and click on "Make a Donation." Or [click here](#).

## GOLF TOURNAMENT SUPPORTS OUTDOOR EDUCATION

The 2nd Annual Tim Griffith Memorial Foundation Golf Tournament and Barbecue is coming on Sunday, July 12, 2009 at the Los Lagos Golf Course in San Jose. The Foundation is a major program partner with the RCEF and provides scholarships for Outdoor Education.

For more information about the tournament, please go to: [www.RememberTim.org](http://www.RememberTim.org).

Outdoor Education is a long-treasured program in our district, and one which the RCEF values highly. We encourage you to help us keep Outdoor Education funded by participating in the tournament or by making a [direct donation to the RCEF today](#).

#### **SCHOOL GRANT OPPORTUNITY**

The National Association of Elementary School Principals and The MetLife Foundation offer the Sharing the Dream Grant opportunity to support elementary and middle school principals as they work to foster strong school-community relationships. The goal is to support principals in the development of programs committed to heightening community leadership, communication, ownership, and involvement in their school with the goal of improving achievement for all children.

Selected applicants will receive a \$3,000 award and toolkit of resources. The deadline is July 8, 2009. For more information, go to: [www.healthinschools.org](http://www.healthinschools.org).

The RCEF has been working since 1983 to help provide the public elementary and middle school students of Redwood City with the education they need to succeed in high school, college, work, and life.
